

EMTEK

EUROPEAN MORTISE
DEADBOLT
WITH INTEGRATED
ROLLER LATCH

AVAILABLE 2024

ABOUT THE DESIGN

Tailored to suit the needs of large, modern-style entry and pivot doors, the European Mortise Deadbolt and Heavy Duty Roller Latch are the latest additions to EMTEK's portfolio.

Combining a locking mortise deadbolt with an integrated roller latch for enhanced security and ease of use, the European Mortise Deadbolt can be used in conjunction with the Heavy Duty Roller Latch for additional ease of use on oversized doors.

FEATURES AND BENEFITS

Available in two sleek trims – round and square – the European Mortise Deadbolt seamlessly complements our Long Door Pulls, offered in finishes that coordinate with the program. With European flair in both aesthetic and function, the European cylinder in this product adds a touch of sophistication to any entryway.
