

SPRING 2021 ONE ROOM CHALLENGE X EMTEK HIGHLIGHTS

Another exhilarating season of the **One Room Challenge** has officially ended and you all already *know* the **spring 2021 participants** did not disappoint! After following along for the 8-week challenge and seeing everyone's amazing reveals, we've compiled a few of our favorites (featuring **Emtek hardware**, of course) to highlight:

Jeweled Interiors

First up, we have **Jewel Marlowe** of **Jeweled Interiors** who tackled her **laundry room** for the challenge. Who said a small laundry room couldn't be glam? As Jewel likes to say, "The smaller the space, the more bold the design." And so the maximalist laundry room of her dreams was born!

Dressing Room Interiors Studio

Next we have [Ariene Bethea](#) of [Dressing Room Interiors Studio](#) who transformed her maple kitchen into a stunning [black kitchen masterpiece](#). This incredible space is topped off with Emtek cabinet hardware.

In Ariene's words: "Hardware is an integral part of a room's design theme and I love the versatile design of the [Brandt Knob](#) by [Emtek](#) in Satin Brass. This knob is the perfect bridge between the traditional elements of my cabinetry and the sleekness of painting them black. I paired the [Brandt Knob](#) with the clean transitional elements of the [Jasper Pull](#) in Satin Brass to complete this look."

Edgy but classy! We love Ariene's design choices here and greatly admire the way our knobs and pulls shine in this space.

Lord Design

Sachi Lord of Lord Design decided to incorporate one of our newer items, the **SELECT Knurled Knob**, which is exciting to see in action! She tackled her **bathroom** as part of her renovation and the result is stunning.

Providing insight into her creative thought process, Sachi wrote, "With all the newness in the space I wanted something that added an aged, classic feel. We used the Emtek **Conical Knurled Knob** in Unlacquered Brass for our utility door and our laundry doors... For the doors to the bedrooms and bathroom, we used a matching Emtek **L-Square Straight Knurled Lever** also in Unlacquered Brass. I am SO excited to see how these age and turn, it'll be a perfect addition to the handmade, natural feel I have going on with the shower and floor tile."

We so appreciate the thought and intention behind this choice in hardware and it makes the project all the more special.

Cass Makes Home

Cass, the designer behind [Cass Makes Home](#), created a beautiful and serene [spa bathroom](#). She opted for Emtek's [Narrow Modern Rectangular Pocket Door Mortise Lock](#) to create a luxurious experience from the moment you enter the room.
