## EMTEK X KIM WOLFE

**Kim Spradlin Wolfe** does it all. She is the winner of the 24<sup>th</sup> season of the reality television show, *Survivor*, a mother of three adorable kiddos, and a talented interior designer. She is truly a modern-day renaissance woman!

Kim recently took on the hefty project of turning a damaged house into a family friendly home. The Texan ranch home had previously taken quite the beating including getting hit by a tornado! But that didn't deter Kim from taking on this renovation. She had a vision for the home's potential and she was determined to bring that vision to life.

That's where we came in. We partnered with Kim to adorn her home with hardware that would tie together her desires for style and functionality.

Filled with an abundance of natural light, Kim wisely opted for an open concept kitchen, dining and living area. The cabinets are topped off with our **Wire Pulls** in Flat Black. The bright closet doors feature our **Brisbane Pulls** in Flat Black.

The Emttek love continues throughout Kim's home. Rancho Lobo also includes Emttek's **Freestone Extended Pulls** and **Square Pocket Door Mortise Lock**. The classic look of Flat Black is complemented nicely with a sprinkling of Satin Brass throughout the home.

Our **Freestone Extended Pulls** in Satin Brass found a home in Kim's adorable kitchenette. Her door is secured with our chic EMPowered Motorized Touchscreen SMART Keypad Baden Entry Set with interior L -Square Tribeca SELECT Lever.

Overall, we are blown away by the end result of Rancho Lobo and are proud to have been a part of the process of creating this beautiful home for an even more beautiful family. For more information on Emtek hardware please visit [Emtek.com](https://www.emtek.com) and find a dealer near you!
