

EMTEKSELECT

NEW SELECT GREEN MARBLE LEVER AND KNOB

Delve into the world of Green Marble, a natural stone characterized by its predominantly green coloration and distinctive veining patterns. Each Green Marble knob and lever showcases unique variations in veining and shading, making every piece one of a kind.

The Emtek SELECT Program's new Green Marble option offers a new level of customization: choose your textured lever grip, stem design, and pair with any of our available rosette options-- in any mix of finishes--for hundreds of unique combinations, made just for you and your home project.
