

EUROPEAN MORTISE DEADBOLT WITH INTEGRATED ROLLER LATCH

Tailored to suit the needs of large, modern-style entry and pivot doors, the European Mortise Deadbolt combines a locking mortise deadbolt with an integrated roller latch for enhanced security and ease of use. Available in a round or square deadbolt option to coordinate with Emtex's Long Door Pull options, the European Mortise Deadbolt can be used in conjunction with the Heavy Duty Roller Latch for additional ease of use on oversized doors.
